

LU01c - Required software & how to install them

Before we get down to the practical work, we need to install various software. The following list contains the required tools and the purpose of each package:

Software from M290

The main part of the exercises during the modul 291 is conducted within the codeeditor Webstorm, which we already have installed during the modul 290.

| Software | Description | Download-Source |
|----------|--|--------------------------|
| Webstorm | Editor Code editor in order to program the source code such for database tables and server | Webstorm |
| MySQL | Database, storage and management of data | MySQL |
| Postman | Simulation of the frontend within the terminal/commandline | Postman |

Vocabulary

| English | German | Download-Source |
|----------------|-------------------|-----------------|
| required | erforderlich | |
| various | verschiedene | |
| storage | Lagerung | |
| within | innerhalb | |
| require | benötigen | |
| in due course | zu gegebener Zeit | |
| subject of ... | Thema von ... | |
