

LU03.A02 - W3School Working Space Allocation

Learning Objectives

1. Know how to enroll a W3School account
2. Allocate working space to save assignment results

Prerequisites

- Work type: Individual
- Means of aid:
 - [W3School VUE Introduction](#)
 - [W3School VUE Playground](#)
- Timeframe: 10 Minutes
- Expected result: Have a working space at your disposal to save assignment results.

Introduction

During this module 291, you will work on several assignments in the W3Schools Playground. To save your results, you will need a workspace within the webpage. Fortunately, W3Schools provides us with such a workspace. To use it, you must first create an account and then set up a suitable workspace. Thus, this assignment supports you step by step in setting up your workspace.

Assignments

The assignment consists three major steps:

1. Create an W3School-Account
2. Allocate the name and the working space
3. Save working files in your working space and execute them
