

LU03.S01 - Hello World in W3School-Playground

Assignments

1. Open the playground with the link above. You will be presented with a splited window on which on the right hand side you will see the coding area, and on the right hand side the result area.
2. Currently there is a *Hello World* message with a lightgreen background.
3. Add a new variable *message2* and greet with it the *Galaxy*.
4. Change the background colour to *red*.
5. Execute the changes by bushing the *RUN-Button*.
6. Check the result.

Your result is supposed to look like the following image:
