

LU03a - W3School Tutorial's Overview

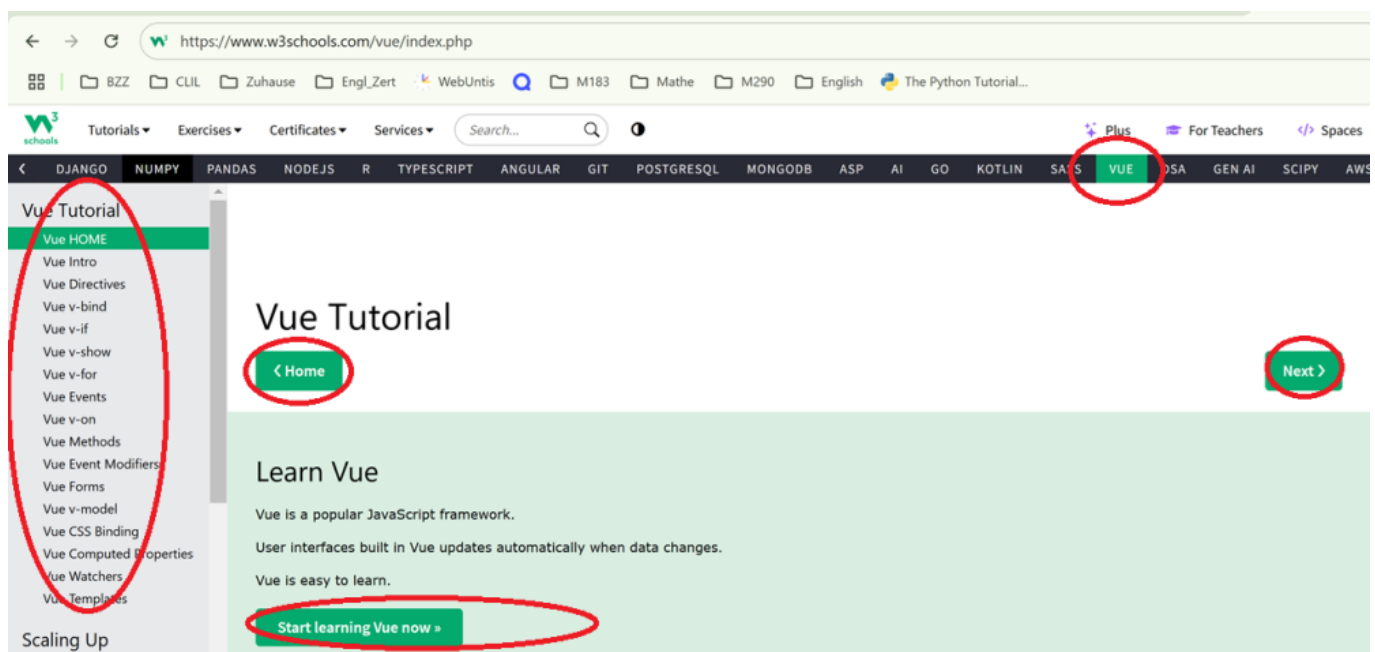

Source: [W3Schools](https://www.w3schools.com/vue/) | [Vue](#)

Learning Objectives

1. Know how to access to the learning material.
2. Identification of the structure/chapters of the learning material.
3. Know which functionalities the W3School tutorial offers.

Overview

The W3School offers us a range of useful tutorials that are both well structured and freely accessible. As shown in the image below, the W3 School tutorials website offers various features.

Area	function	description
upper part of the window	the navigation bar	vue can be found on the far right-hand side
left menu	all sub chapters of the tutorial	including practical exercises and control questions
middle section	navigation buttons	Home , Previous and Next button for smooth navigation between the subpages
middle bottom	tryout area	online area for hands on exercises

If we **start learning vue now** we get to the details area of the vue tutorial, as visible in the image below:

The screenshot shows the Vue.js documentation website. The top navigation bar includes links for various technologies: HOW TO, W3.CSS, C, C++, C#, **BOOTSTRAP**, REACT, MYSQL, JQUERY, EXCEL, XML, DJANGO, NUMPY, and PANDA. The left sidebar contains a list of topics, with 'Vue Examples' circled in red. The main content area shows the 'v-bind' directive, which is also circled in red. Below it, an example titled 'Example: The v-bind Directive' is shown, which is also circled in red. The example code is as follows:

```
<!DOCTYPE html>
<html lang="en">
<head>
  <style>
    .pinkBG {
      background-color: lightpink;
    }
  </style>
</head>
<body>
  <div id="app">
    <div v-bind:class="vueClass"></div>
  </div>
```

Area	function	description
upper part of the window	overview to the function	explanations to the vue function of discussion
lower part of the window	details and example	details and practical example of how to use the function concerned
left lower section	additional material	Exercises with practical example, a sandbox to mess around

Be advised, that the **quiz** and the **Exercises** part are most interesting, since it can happen that similar questions may appear in the next exam!!

Vocabulary

English	Deutsch
to make round	abrunden
be advised	Beachten Sie
to mess around	herumalbern, herumspielen
sandbox	Sandkasten
