

LU04.A02 - Examples for library-functions

Learning objectives

- Noticing of typical library function within an application.

Prerequisites

- Work type: Peer
- Means of aid: only teaching materials, no websearch, no use of ai.
- Timeframe: 10 Minutes
- Expected result: A PDF file with the name and the explanation of the used library-function.

Assignment

On the image below you can see a standard webshop shopping-cart with some items in it. Your task is to

1. pinpoint/mark at least 3 elements of a library (functions/methods)
2. give the function concerned a name
3. describe which library element might have been used to program it (e.g. date-function, tax-function, etc.)
