Assignment

You will find at the W3School webseite a small script in which some photographs are being displayed. In this script we would like to make some changes as follows:

- 1. If not already done, create a new directory *media* and save at least three photos of your choice in it
- 2. Adjust the code to display this three photos.
- 3. Create withing the style area a second CSS class #app2 with new values of your choice for the photo frame.
- 4. Activate the css amendments by adjusting the template-code (div-element).
- 5. Execute your script and check the correctness.
- 6. Save your result either on your pc or in the W3Schools workspace (requires a W3Schoo profile).
