## Assignment 1

1. Test the code example provided to you. Describe the behaviour of the script using HTML comments.
2. Which 3 lines of code are the core for incrementing the counter? Identify these and comment on them in a meaningful way.
3. Change the increment of the counter to 2, i.e. it should count up in steps of 2.

## Assignment 2

1. Establish in your webstorm a new directory and name it **06\_events** and transfer the script in this directory.
2. Make sure that you have the title `<h1>` correctly named: **lu06.s01.html**
3. To make sure, that the moose is visible as well, save the image of the image in the media-directory in webstorm
4. Adjust in your script the path to the moose-image in order to make it visible again
