

LU07.A03 - Methods with several arguments

Prerequisites

- Work type: Individual
- Means of aid: only teaching materials, no websearch, no use of ai.
- Timeframe: 15 Minutes
- Expected result: A Vue-Script, which uses methods to display messages on the screen and increments and decrements a counter.

Learning Objectives

1. Implementing VUE methods by using arguments.
2. Increment and decrement a counter within a method.
3. Writing own methods and making use of them.

Source

- [Code-example: Methods in VUE](#)

Assignment

- 01: Test the code example above which was provided to you. Describe the behaviour of the script using HTML comments.
- 02: Make sure that everything is working correctly: When clicking on the tiger image there must appear a text below the image „Hello, tiger“.
- 03: Make sure that you have the title `<h1>` and have correctly named the file: **lu07.s0s.html**
- 04: You need to add two more animals to the list and greet them correspondingly to the provided example.

Hint

- Save 2 more pictures of animals in the media-directory
- Extend the arguments of the method: **myMethod(e, msg, opp)**
- Process the additional **opp** in the method.
- Finally adjust the calling of the method at the pictures

Solution

Lösung

Vocabulary

English	German
corresponding number of times	entsprechend oft
to increment	erhöhen, hochzählen
to decrement	vermindern, herunterzählen
thus	somit, dadurch
