# LU07.A09 - Basic caluclator simple

#### **Prerequisites**

- Work type: Individual
- Means of aid: only teaching materials, no websearch, no use of ai.
- Timeframe: 40 Minutes
- Expected result: A browser based calulator which can sum up 2 digits in the easiest way.

#### Source

• You can take any script an adjust it to your needs.

#### **Assignment**

This assignment compraises the programming of a tiny caculator for basic calculation operations, meaning two diggit have to be added together. To do the assignment we need two blocks of diggits-buttons, an operation-button for "+" and finally an ENTER-Button to execute the operation respectively to receive the result.

# Assignment A - 3'

- A01: Create in Webstorm in your directory 07\_methods a html file and name it correctly LU07.S09.
- A02: Copy the structure of the sfc (single file component) from a solution of your choice (in that way we don't have to type it manually -> easier and faster)
- A03: Make sure to have
  - the assignmen number in <h1> and
  - the description in <h3>-format
- A04: Safe it.

# Assignment D - Button for diggit 1 - 10'

- B01: Create the buttons 1 to 4 (that shall suffice for our purpose)
- B02: When clicking on one of them the content will be saved in the variable diggit1

## **Assignment C - Variables - 5'**

- C01: A basic calculation **3** + **3** = **6** compraises several variables:
  - $\circ$  diggit1 = 0,

- ∘ operator = "
- $\circ$  diggit2 = 0,
- result

## Assignment D - Button for diggit 1 - 10'

- D01: Create the second set of buttons 1 to 4 to set the second diggit. (4 of them shall suffice for our purpose)
- D02: When clicking on one of them the content will be saved in the variable diggit2

#### ==== Assignment E

- E01: To execute our addition-operation we finally need a button **ENTER**.
- E02: This enter calls a method calcResult(operator).
- E03: Thus the addition is done in the method, correspondingly to the providet operator.
- E04: As a result, after pressing the enter button, the result should be displayed in the screen.

#### **Solution**

Lösung

# Vocabulary

English	German
diggit	Ziffer
to suffice	ausreichen
respectively	beziehungungsweise
to compraise	umfassen
several	einige, etliche
