

LU07.A03 - Events - TBD

Assignment 1: Preparatory work

• ...

Solution

The image shows a code editor with two panels. The top panel displays HTML code for a Vue.js application with six event handlers: `1-setText`, `2-resetText1`, `3-Increment1`, `4-Increment2`, `5-alltogether`, and `6-resetAll`. The bottom panel displays the corresponding JavaScript code in the `methods` object, including `setText`, `resetText1`, `increment1`, and `increment2`. Red boxes highlight these code sections, and red arrows point from them to a rendered UI on the right. The UI shows six green buttons with the following text: "1-setText Hello World", "2-resetText1 Hello World", "3-Increment1 8", "4-Increment2 8", "5-alltogether Hello World 8 8", and "6-resetAll".
