

# LU02b - Peer-To-Peer (P2P)

## Objectives

1. I can explain the term Peer-To-Peer (P2P) and its benefits by using my own words.
2. I can count the different types of Peer-To-Peer (P2P).
3. I can count the different components of Peer-To-Peer (P2P) architecture.

## Basics

In [this article](#), you will learn about - what different types of Peer-To-Peer (P2P) architecture exists - what components P2P it consists of.
