

Lizenz erneuern

1. Sollte Ihre Lizenz abgelaufen sein, loggen Sie sich auf <https://jetbrains.com> ein.
2. Klicken Sie auf „Renew my Education Pack“ und füllen Sie das Formular aus. Ihre Lizenz wird wieder um ein Jahr verlängert.

The screenshot shows the JetBrains account interface. At the top left is the user name 'Simo Hug' with links for 'Transactions / Invoices', 'JetBrains AI Settings', 'Notifications', and 'Payment Methods'. A green notification banner states: 'Two-factor authentication is available! To enable an extra layer of security for your JetBrains Account, turn on two-factor auth.' On the right, there is a 'Rate us' button. The main content area is titled '1 Educational Pack License' and features a 'Buy new license' button. Below this, the 'JetBrains Educational Pack' details are shown, including a 'License ID' field. The license is 'Licensed to: [redacted]' with a 'License restriction: For educational use only' and 'Valid through: August 23, 2025'. A 'Buy with 40% OFF' tag is present, and the 'Renew my Education Pack' button is highlighted with a red box. A list of included products is displayed in a grid: CLion, dotTrace, ReSharper, RustRover, DataGrip, GoLand, ReSharper C++, WebStorm, DataSpell, IntelliJ IDEA Ultimate, ReSharper SQL support, dotCover, PhpStorm, Rider, dotMemory, PyCharm, and RubyMine. A footer note states: 'After downloading and installing the software, simply run it and follow the on-screen prompts to sign in with your JetBrains Account.'
