The screenshot shows a web browser interface with two panes. The left pane displays the following HTML code:

```
<!DOCTYPE html>
<html>
<body>

<h2>My First JavaScript</h2>

<button type="button"
onclick="document.getElementById('demo').innerHTML =
Date()">
Click me to display Date and Time.</button>

<p id="demo"></p>

</body>
</html>
```

The right pane shows the rendered output. At the top, it says "My First JavaScript". Below that is a button labeled "Click me to display Date and Time.". Below the button, the text "Fri Aug 15 2025 16:02:40 GMT+0200 (Mittleuropäische Sommerzeit)" is displayed. The top of the browser interface includes a "Run" button and a "Get your website" button. The result size is indicated as 472 x 571.
