## LU01.A01 - Understanding of the modul goals

## Requirements

Work type: partner

Means of aid: Websearch for words only, no Al (use instead your brain)

• Timeframe: 10 Minutes

## **Assignments**

he general idea of this task is to analyse the module objectives by separating known and unknown technical terms and rephrasing the module objectives in our own words. In this way, we should find out which competences we should have at the end.
