

LU99.L02: Fibonacci-Folge

```
def main():  
    position = int(input(''))  
    number1 = 0  
    number2 = 1  
    counter = 3  
    while counter <= position:  
        next_number = number1 + number2  
        number1 = number2  
        number2 = next_number  
        counter += 1  
  
    print(number2)
```
